

Stolen Dance - SOTM June 2014

I've been doing a bit of driving lately and as I mentioned in my last SOTM I'm soooo over ALL of my music. So I've been listening to the radio more and have really been enjoying it, even just the talking. Am I that lonely?? Maybe lonely is the wrong word, am I that deprived of adult conversation?

Anyway the other night I heard The Doctor introduce Clemens Rehbein from 'Milky Chance' and they played this song, which sounded vaguely familiar to me, not sure why!

The album doesn't come out on iTunes until the 20th of June and I will definitely be getting it!

Anyway enjoy!
